

PQ Systems Ltd

- MOTION CONTROL-

PQS Heavy Duty Molded Polyurethane Cable Assemblies

- Fully Sealed molded connector right on the cable
- Flexible at lower Temperatures, Not prone to cracking like PCV jacketed cables
- Excellent abrasion resistance, Resists oil, solvents, sun exposure, oxidation, ozone, water, alkali
- Standard Available lengths xxx = 005, 015, 025, 035, 050, 075 & 100ft

Linear Position Sensors

| Part # | Sensor | Connector | Connector option |
|-----------|---|--------------|------------------|
| BMD6xxxP0 | G-Series Analog / Digital R-Series Analog | 6 Pin | D60, FD1 or FD2 |
| BMD7xxxP0 | R-Series SSI | 7 Pin | D70, N09, N07 |
| SSMSxxxP0 | G-Series, LH | 10 pin MS | MSO |
| T2MTxxxP0 | Tempo II, LH | RB Connector | RB |

Servo Proportional Valve Cables

| Part # | Valve | Connector |
|-------------|-------------------------------------|-----------|
| MBS104xxxP0 | Moog 62, 78 Series – Flapper Nozzle | 4 pin |
| MBD07xxxP0 | Moog, DDV Servo Valve, Servo Jet | 7 Pin |
| MBD12xxxP0 | Moog | 12 Pin |

Encoder Cables

| Part # | Description | Connector |
|------------------|----------------|-----------------|
| ESM5P1210-xxx-PO | BEI / Stegmann | 10 pin MS sz 12 |
| ESM5P1810-xxx-PO | BEI / Stegmann | 10 pin MS sz 18 |
